## Additional Safety Information

iFLY is safe & fun for all ages and abilities!

We strive to deliver the dream of flight to everyone and are proud to be known as an inclusive tourism operator. Our instructors have trained long and hard to ensure guests fly safe and enjoy the time of their lives.

But there may be a few reasons why you or your delegates may not be able to fly with us.

- To prevent dangerous wind speeds, participants must weigh less than 125kg
- Flying whilst pregnant is not permitted
- People with recent neck and heart issues should check with a doctor before flying
- People in a hard cast or with previous shoulder dislocations are not recommended to fly
